Metal işlemeye 1975 yılında başlayan üretim ve mühendislik firması Kasso, 1986 yılında genişletilmiş metal levha üretimini bünyesine katarak TEKŞAN&KASSO ortaklığını oluşturmuştur.

Günümüzde, İstanbul Anadolu Yakası Organize Sanayii'nde yer alan fabrikamızda müşterilerimize ileri teknolojiye sahip patentli makinaları ile inovatif çözümler sunarak proje teslimi ürün yapabilen komple bir metal işleme tesisi niteliğindedir.

KASSO Mühendislik, tüm imalat konularını tek bir çatı altında toplayarak, tek noktadan yönetim ve işletme felsefesi ile ivmelenerek yoluna devam etmektedir. "Mimaride Metal Kabuklar" kavramını yapı sektöründe oturtmuş ve ürünlerini endüstriyel uygulamalarının yanında mimari alanda çok önemli bir yer edindirmiştir. KASSO, sektöründe ilk, Türkiye'de ise 71. Tasarım Merkezi olmaya hak kazanmıştır.

KASSO, is an engineering and fabrication company that is specialized in metal working industry since 1975. In 1986, expanded mesh and welded construction production has been involved in product range to widen opportunities in metal sheet manufacturing with the partnership of TEKŞAN&KASSO.

Today in İstanbul Anadolu Yakası Industrial Zone Headquarters, KASSO Engineering offers project based innovative solutions, ready to install products as a complete metal working company with the infrastructure of patented high technology machinery park.

KASSO Engineering continues to grow through its philosophy of becoming a one-stop-shop for all our clients' metalworking production needs. As the innovator of the concept of "Architectural Metal Cladding" in the construction and architecture industries, KASSO has provided products for many industrial as well as architectural applications. KASSO also boasts the first Design Center in its field and the 71st in Turkey.

KASSO, ürün ve hizmetlerimizin müşteri gereksinimlerini tutarlı bir şekilde karşılamasını sağlamak ve kalitemizi sürekli olarak iyileştirmek adına ISO 9001:2015 sertifikasını 2004 tarihinde almaya hak kazanarak sektörde kalite belgesi alan ilk şirket olmuştur.

In 2004, KASSO became the first company in its industry to receive the ISO 9001:2015 certification to ensure that our products and services consistently meet customer expectations and our quality is continuously improved.

KASSO 2010 yılında Türk Standartları Enstitüsü'ne (TSE) başvurarak 2013 yılında TSE uygunluk belgesi almıştır.

KASSO applied for certification with the Turkish Standards Institution (TSE) and later received its TSE certification in 2013.

Ürünlerimizin Avrupa Birliği içerisinde serbest dolaşımını sağlayan ve Avrupa güvenlik standardına uygunluğu gösteren belgemiz 2017 yılında alınmıştır.

In 2017, KASSO received the CE certification, indicating that our products comply with European standards and can be traded freely in the European Economic Area.

KASSO Robotik Toz Boya Tesisi yatırımı ile 2017 yılında Avrupa Alüminyum Boyama Kalite Belgesi olan Qualicoat ve Qualicoat Seaside belgelerini almaya hak kazanmıştır.

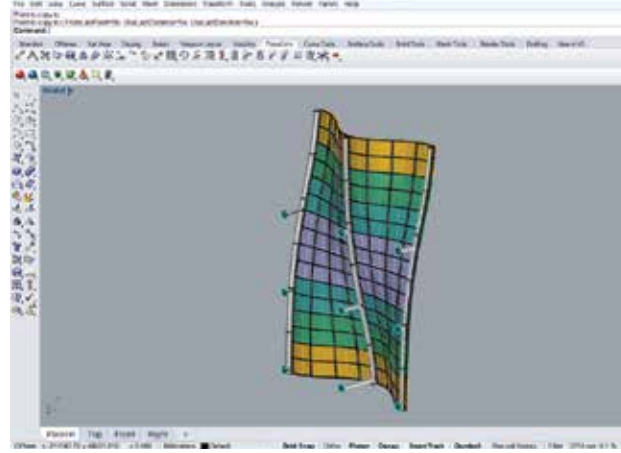

In 2017, KASSO received the European aluminum paint quality certifications Qualicoat and Qualicoat Seaside for its Robotic Powder Coating Plant investment.

KASSO 2017 yılında sektöründe ilk, Türkiye'de ise 71. Tasarım Merkezi olmaya hak kazanmıştır

In 2017, KASSO became the first Design Center in its industry and the 71st in Turkey.

KASSO ÖNE ÇIKANLAR / KEY POINTS

TASARIM HİZMETLERİ VE DESTEK

KASSO, mimari uygulamalar için ürettiği işlenmiş metal levhaların sabitlenmesi için sistemler geliştirerek müşterilerine çeşitli çözümler ve teknik destek sağlamaktadır. Şirketin uzmanlık alanları arasında cephe montaj sistemleri, asma tavan montaj sistemleri, çeşitli materyalleri barındıran alt yapılar, ses ve ısı izolasyonunu destekleyici ürünler ve mimari açıdan dekoratif duran sabitleme öğelerinin tasarımı yer almaktadır.

DESIGN SERVICES & ASSISTANCE

KASSO offers solutions and technical assistance in the development of fixing systems for produced sheet metal works in architectural applications. The company's areas of focus include designing façade mounting systems, suspended ceiling mounting systems, material bearing sub-structures, complementary elements for acoustic and thermal insulation, as well as architecturally decorative fixing elements.

MÜHENDİSLİK

KASSO'da, malzeme seçimi ve mimari estetiği, malzeme işlemesi ve oryantasyonu dahil olmak üzere tasarımlar için kapsamlı mühendislik hizmetleri sunmaktayız.

Değer mühendisliğine önem veren Kasso, hem imalat hem montaj aşamasında maliyetlerin düşürülmesi ve israfın önüne geçilmesi amacıyla fizibilite çalışmaları yaparak tasarım optimizasyon konusunda destek olmaktadır.

ENGINEERING

KASSO is committed to providing engineering assistance with any aspect of our clients' design, including material types and architectural aesthetic, material finish, and material orientation. In addition to refining the design of fixings and setting out panels, our experienced engineers can conduct economic evaluations and feasibility studies, as well as generate samples and mockups.

ÜRETİM

KASSO olarak genişletilmiş ve perfore metal levhalar kullanarak cephe ve asma tavan projeleri gerçekleştirme konusundaki uzun yıllara dayanan deneyimimizi müşterilerimizle paylaşmaktan gurur duyuyoruz. Montaj maliyetlerini düşüren hızlı bağlantı sistemleri gibi sektöre öncülük eden uygulamaların yanı sıra ürünlerimizin performansını daha da iyileştirmek amacıyla inovatif malzemelerin kullanımı ve üretim süreçleri üzerine uzmanlığımızı kullanıyoruz. Panellerimizin değer mühendisliğine önem veren bir şirket olarak KASSO'da ayrıca müşterilerimize modülasyon konusunda destek olarak hem imalat, hem de montaj aşamasında malzeme israfının önüne geçmeye ve maliyetleri azaltmaya özen gösteriyoruz.

PRODUCTION

At KASSO, we are proud to offer our vast experience in facade and suspended ceiling projects using expanded and perforated metal. In addition to industry-leading applications such as quick coupling systems that reduce the cost of installation, KASSO also has expertise in using innovative materials and manufacturing processes to improve the performance of our products. We also prioritize the value engineering of panels and provide sizing advice to our clients in order to reduce waste and lower costs during both production and installation.

MONTAJ

KASSO, tasarımlara sağladığı üstün kaliteli bitiş ve detay imkanları ile montaj destek hizmeti vermektedir. Mühendislik ekiplerince optimize edilen birleşim detayları, doğru sistemler ile montajın hızlı ve kolay tamamlanması hedeflemektedir. KASSO ayrıca dünyanın dört bir yanında bulunan iş ortakları sayesinde montaj işleminin konum neresi olursa olsun hızlı, kolay ve doğru bir şekilde gerçekleştirilmesini sağlamaktadır.

INSTALLATION

The installation services provided by KASSO ensure that the designs will have high-quality edges and details. Our in-house engineering team optimizes installation details for the ease and speed of installation on-site with the appropriate tools. KASSO has developed a list of install partners in locales all over the world to ensure that installation is fast, easy and error-free no matter the location.

KASSO Mühendislik 30’u aşkın ülkeye dünya standartlarında üretilen ürünlerimiz, yüksek kalite ve üst düzey hizmet anlayışımızla ülkemiz ihracatına katkı yapmaya devam ediyor.

KASSO Engineering continues to contribute to our national economy by exporting its world-class products to more than 30 countries with exemplary customer service.

Dünya çapında ünlü bir çok mimari projelerin karmaşık yapılarının yaratılması

Creating complex structures for a number of renowned architectural projects around the world

TEMELLER

KASSO, kırk yılı aşkın deneyime sahip olan kurucularının vizyonu ile, müşterilerin gereksinimlerini dinleyip anlayabilme ve ilk fikir noktasından montaja kadar projenin tüm aşamalarında destek sağlayabilme kapasitesi sayesinde ilk günden beri öncü konumdadır.

FOUNDATIONS

With more than 40 years of experience, KASSO has partnered with architects, owners, and design professionals to find solutions for challenging projects made in metal. To achieve these complex designs, KASSO works in a collaborative framework designed to meet each project’s aesthetic goals within a predictable timeline and budget.

İNNOVASYON

KASSO, tasarıma yüksek kaliteli kenar ve detaylar kazandıran montaj hizmetleri sunmaktadır. Mühendislik birimimiz montaj detaylarını ofiste mümkün olan en iyi şekilde tasarlayarak kurulumun doğru ekipmanla hızlı ve kolay bir şekilde gerçekleştirilmesini hedeflemektedir. KASSO ayrıca dünyanın dört bir yanında bulunan iş ortakları sayesinde montaj işleminin konum neresi olursa olsun hızlı, kolay ve doğru bir şekilde gerçekleştirilmesini sağlamaktadır.

INNOVATION

Innovation is a core tenet of the KASSO philosophy. The company maintains a robust R&D department that actively seeks new means and methods of working in metal. With each step, KASSO takes a proactive approach, meeting project requirements and exceeding client expectations. Since its founding, KASSO has focused on innovation to improve the production, installation and performance of its products as well as to enhance processes and technologies.
